The Schweitzer-Bohlinger Administration seeks Montanans of all backgrounds and interests to serve on boards and commissions. [State law](#) directs state government to take positive action to attain gender balance and proportional minority representation to the greatest extent possible. The Schweitzer-Bohlinger administration considers this to be one of the highest priorities -- especially encouraging the participation of the first Montanans - our state's Native Americans.

Some boards have very specific requirements, as noted above. Please be advised that by applying for a position, you acknowledge the following:

- All submissions for appointments become public documents and therefore are open to public inspection.
